Years of experience

A clear point of responsibility.

Appoint a specialist service or coordinate security and workplace support around an agreed specification, dedicated account management and regular reviews.

01 / SERVICES

Built around the way your site operates.

A practical scope, clear responsibilities and teams briefed for the assignment.

01	**Security guarding**	SIA-licensed officers for access control, gatehouse duties, patrols and incident reporting. Site instructions reflect your risks, operating hours and escalation requirements.
02	**Specialist security**	K9 security and waking watch where suitable for the assignment. Discuss the site, risk assessment and operating requirements with our team.
03	**Cleaning**	Commercial and industrial cleaning aligned with your premises, occupancy, task schedule and required standards.
04	**Front of house**	Reception and concierge support that combines a professional welcome with the access arrangements your premises need.
05	**Coordinated services**	Bring appointed services together through an agreed scope, named responsibilities, a clear account relationship and reporting matched to the contract.

02 / CLIENT EXPERIENCE

Evidence from working environments.

Different environments bring different pressures. Our client stories show how the service adapts.

01	**Wright's Mill**	Security partnership since 2022. Gatehouse and weighbridge operations, HGV coordination and agreed out-of-hours support at a food manufacturing site.
02	**Base Build Services**	More than five years and 200+ project sites supported over the relationship. Security that adapts to changing fit-out programmes.
03	**Huckletree**	Front-of-house security across multiple Central London workspaces, with a relationship established in 2021 and additional cover when required.
04	**Regent Global**	Security and cleaning supporting a college development in Harrow, alongside cleaning services across multiple client sites.
05	**Ingrebourne Links**	Venue security shaped around the golf and country club, its members, events and busiest periods.

03 / WORKING WITH SERVIS

Prepared people. Clear accountability.

01	**Understand**	Discuss your premises, specification, operating hours, risks and procurement requirements.
02	**Prepare**	Agree staffing, site instructions, access, induction, equipment and readiness actions.
03	**Deliver**	Brief the team and begin the agreed service with site coordination and account management.
04	**Review**	Use inspections, reporting and service reviews to address concerns and respond to change.

Credentials and supporting evidence

Our published credentials include SIA Approved Contractor Scheme status, NASDU associate membership, SSIP/CQMS material, ICO registration and Disability Confident participation. Request current evidence and confirm the entity, scope and validity required for your procurement.

Start with your requirements.
